

A MEMBER OF THE KENDALL GROUP

Life Is On

Variable Frequency Drives, Reduced Voltage Soft Starters, Power Monitoring Systems, and Machine Safety. Compact PLC's for OEM's, PLC's for Manufacturing Processes, and PLC's for Process Applications, HMI's SoMachine, Modicon, Limit Switches, Proximity Sensors, Push Buttons, Contactors, Overloads, Motor Starters, Ultrasonic Sensors, Counting Sensors, Thru-Beam Sensors, Miniature Circuit Breakers for OEM Applications

by Schneider Electric

Intelligent motion systems

Motion Control Components, Integrated Motor Drives, MDrive® product line: MDrive Plus, MDrive Linear Actuators, and Lexium MDrive, Motion Control Solutions for Stepper Motors and Electronic Controls

Terminal Blocks and Connectors, Fuse Holders, Power Supplies, UPS, Electronic Circuit Breakers, Relays, HMI, Touch Screens, PLC, IPC, Remote I/O, Wireless, Signal Conditioners, Interface Boards, Custom Solutions

Bussmann series

Disconnects, Safety Switches, Fuses, Circuit Protection Products and Accessories, Power Management and Electrical Safety Products, Supercapacitors, Surge Protection, CUBEFuse, CCP, SCCR

HIRSCHMANN

A BELDEN BRAND

Industrial Ethernet Switches, Fiber Interfaces, Industrial Connectors and Switches, Plant Security, Ethernet Radios, Media Converters, Device Servers

lumberg automation

A BELDEN BRAND

Rugged Components for Harsh Environments, Space-Constrained, Industrial Applications, Robotics, Machine Building, Manufacturing, Power, Transmission and Distribution, Food and Beverage, Packaging, Automotive

Cable Management, Duct, Raceway, and Tray Cables, Cable Ties, VeriSafe, Fiber, Tools, Network Enclosures

HOFFMAN

Industrial Enclosures, Raceway, Radio and Cabinets

PEPPERL+FUCHS

Sensors: Inductive Proximity, Capacitive, Ultrasonic, Photoelectric, Identification Systems, Rotary Encoders, and Fieldbus I/O Gateways
Process automation: Interface Solutions; HART/ Wireless HART, Purge and Pressurization Systems, Industrial Monitors, Explosion Protection Equipment

Small and Powerful Single-Phase and Three-Phase Din Rail Mountable Power Supplies

Custom-designed, Versatile T-slotted Aluminum Extrusions. Interchangeable Fractional and Metric Aluminum Extrusion Profiles and Components for Industrial Manufacturing, Automotive, and Medical Industries

Touchscreen Monitors, Computer Modules, Industrial Computers, Rack Enclosure and Micro PC's, Video Wall Modular Design, Integrated and Portable Workstations, Digital Signage, Custom Enclosures

MB CONNECT LINE
remote maintenance solutions

Remote Maintenance Solutions, Data Logging, Data Back-up and Virus Detection, Industrial Routers

Switches and Pilot Devices, Industrial Relays, Contractors, Circuit Breakers, Sockets, Timers, PLC's, and Power Supplies

Optoelectronic Sensors and Image-processing Vision Sensors for Factory Automation and Inductive, Capacitive and Ultrasonic Sensors

Cable Management, EMC Shield Bracket, Split Cable Transit Systems, Cable Entry Systems and Plates, Split Cord Grips and Cable Glands, Innovative Solutions for EMC/EMI Cable Grounding, SKL Shield Clamps, Strain Relief Plates, DIN Rail, Cable Grommets

ifm efector

Cameras, Controls, Position Sensors, Process Sensors, Sensors for Motion Control, Vision Sensors, IO-Link, RFID, Industrial Communication, Software

PLC Convenience Ports, Industrial PLC/Network Interfaces, and Data Switches

Small and Powerful Single-Phase and Three-Phase Din Rail Mountable Power Supplies and UPS

Mounting Solutions for any application, Vision Systems, Cycle Start Buttons, Sensors, Lights, Monitors, Part Fixtures, Tool Holsters, Robot Applications, EOAT, Conveyor Kits
